

SBA Paycheck Protection Program (PPP) Loan Checklist

Who can Apply?

- Small businesses in existence prior to February 15, 2020,
- with 500 or fewer employees,
- including nonprofits, veteran organizations, self-employed individuals, sole proprietorships, and independent contractors, are eligible.

How does it work?

The PPP provides small businesses with funds to

- pay up to 8 weeks of payroll costs
- including benefits (paid vacation/sick leave, health care coverage and retirement benefits).
- A portion of the funds may also be used to pay interest on mortgages, rent and utilities.

Funds are provided in the form of loans that will be **fully forgiven** if

- at least 75% is used for eligible payroll costs,
- with the remaining 25% (or less) used to pay interest on mortgages, rent and utilities.

Loan payments will be deferred for six months. Any amount not forgiven will be fully amortized over the remaining 18-month period. No collateral or personal guarantees are required.

Forgiveness

- is based on the employer maintaining or quickly rehiring employees and maintaining salary levels.
- will be reduced if employee headcount declines, or if salaries and wages decrease.

How do I apply?

Apply with an SBA approved lender (American Savings Bank, Bank of Hawaii, Central Pacific Bank, First Hawaiian Bank, Gather FCU (Lihue), Hawaii Central FCU, Hawaii National Bank, HawaiiUSA FCU, Kauai Government EFCU, Ohana Pacific Bank or Territorial Savings Bank) that **you already have an account with**. If you don't have an account with any of the SBA approved lenders, additional Bank Secrecy Act regulatory compliance paperwork will be required.

Lenders may require additional information or documentation.

In addition to the completed application, applicants may be asked to provide the below referenced documentation to expedite loan processing.
