Scope of Work

S360 will serve as a general consultant and strategic partner to Festpac-Hawai‘i 2020 and proposes the following Phase I services:

- Brand Development
- Strategic Communications
- Public Affairs
- Website Development & Social Media Infrastructure

BRAND DEVELOPMENT
AUDIT AND DISCOVERY WORKSHOP
Strategies 360 is proposing an audit and discovery workshop to help Festpac-Hawai‘i 2020 evaluate and identify how the organization can benefit from improving its brand and marketing presence. This phase includes an onsite workshop of 8-10 key stakeholders of the Festpac-Hawai‘i 2020 leadership team as well as a review of existing brand elements, current and past promotional and marketing materials (including previous festivals’ materials), communications vehicles, website and digital presence, digital marketing, program plans and other existing materials. S360 will use this information and workshop to ensure we have captured and contextually understand all the relevant information necessary for your brand. We will provide an objective evaluation of how Festpac-Hawai‘i 2020 is currently presenting itself and how well it aligns with its intended and desired image.

VERBAL IDENTITY (AS PROPOSED BELOW, ALL DELIVERABLES WILL BE IN ENGLISH)
Brand Positioning - the single-minded idea at the core of your brand story
The challenge will be to create a brand position that is robust enough to resonate with a diverse and international audience, yet specific enough to be remembered and engaging. Working from what we learned in the audit & discovery workshop, we will present two positioning options for Festpac-Hawai‘i 2020 that represent compelling reasons to engage with the festival. The client team will select one positioning option that will be extended in the subsequent phases of work. This is a critical choice, as it will drive all future brand deliverables including the elements of the brand foundation detailed below. Deliverables:

- Two positioning options, one position to be selected prior to brand foundation step listed below

BRAND FOUNDATION AND TOOLKIT
Drawing upon the workshop and with a sharp positioning statement defined, we will work with your team to efficiently develop the remaining elements of a brand foundation. In order to engage stakeholders and enable them to fulfill the promise of the new brand, it will be important to provide easy-to-use tools and resources that both explain the key tenets of the brand for internal use across the organization and offer audience-friendly language to use in telling Festpac-Hawai‘i 2020 story to outside audiences. Deliverables include:

- Brand Promise - how you deliver on your brand position
- Brand Personality Tone and Traits (with definitions) - the differentiating attributes of your brand, as well as what they mean for how Festpac-Hawai‘i 2020 stakeholders communicate

• Strategies 360 • 1505 Westlake Ave N • Suite 1000 • Seattle, WA98109 • 206.282.1990 •
- Messaging Pillars
- Elevator Pitch - succinct answer to "what is Festpac-Hawai'i 2020?" for use by Festpac-Hawai'i 2020 stakeholders and for written/online content

This verbal identity will be used in subsequent phases for any visual identity work as well.

**STRATEGIC COMMUNICATIONS**

Our efforts will involve working with the Festpac-Hawai'i 2020 planning committee, to determine the critical issues, existing capacity and the universe of influencers and stakeholders we need to engage with. We would then determine the critical path forward that makes the best case for the reasons Hawai'i benefits from, and why they should ultimately support, a festival responsible that brings the world's largest gathering of indigenous Pacific Island and Pacific Rim peoples to our island home. To maximize reputation success, S360 will include a communications strategy that strategically positions the benefits of Festpac-Hawai'i 2020 with elected officials, policymakers and influential stakeholders to bring awareness and understanding of the importance of this dynamic event. This includes:

- Message Development
- Media Relations Strategy
- Event Promotion and Community Coalition Building

**PUBLIC AFFAIRS**

A key piece to the ultimate success of Festpac-Hawai'i 2020 will be recruiting government champions (both in Hawai'i and throughout the Pacific Region) and supporting those champions with a proactive communications and community engagement program that solidifies grass-tops and grass-roots support throughout the Festpac-Hawai'i 2020 footprint. We can accomplish this by:

- Regularly communicating with elected officials throughout the region, serving as an information resource
- Connecting issues of common agreement between Festpac-Hawai'i 2020 and elected officials and finding efforts to jointly promote areas of agreement to Pacific Island Nation constituencies
- Promoting the top objectives of Festpac-Hawai'i 2020 to constituencies of key legislators in Hawai'i that encourage the public, community, opinion, and business leaders to actively support legislative support for the festival.

**SPONSORSHIP & LEGISLATIVE FUNDING STRATEGY**

We start this phase of work by conducting a thorough donor prospecting program. The first step includes a thorough review of past donors to better understand the characteristics and traits of a potential donor. After this step, we will conduct an exhaustive prospective donor match and build a comprehensive list of donors that fit match the features of a past sponsor.

Once we finalize a list of prospective sponsors, we will determine the best engagement approach for each group or individual. The elements of our sponsorship engagement strategy include:

- Donor Communications Plan
- Donor Engagement Strategy
WEBSITE DEVELOPMENT

Our Web Engineering Group (WEG) will take information from the initial audit whereby clear goals and desired outcomes have been established. WEG will move through the user experience (UX) process, creating visual and contextual documentation that will illustrate information relationships, content placement, and function. Creative direction, technical specifications, and content development will be addressed. The final step of this phase is to document our approach and acquire approval from you on the many details before moving into the User Experience (UX) and Functional Specifications phase.

Re: Festival of Pacific Arts Hawai'i 2020

Aloha Vicky,

We understand the goal of the project is to evaluate the Festival of Pacific Arts 2020, including its multiple events, in order to quantify the impacts and the level of synergy it provides to the overall strategic goals of its funders and the State of Hawai'i. The SMS team has extensive experience in evaluation, field data collection and economic impact modelling. Our full-time staff of 22 professionals and 60 plus part-time personnel provide ample resources to ensure successful completion of this project.

SMS has successfully completed a similar project for the Hawai'i Tourism Authority in 2003 and is currently supporting the evaluation of the 2018-2019 HTA Festivals and Events program. SMS has undertaken multiple other similar evaluations for organizations such as the Hawai'i Community Foundation, Lantern Festivals Hawai'i, Department of Education, and others. SMS's long-term relationship with HTA, including supporting development of the HTA Brand Marketing operational plans, provides SMS with a strong understanding of the agency's strategic goals, and will thus help ensure a more comprehensive evaluation.

Most visitor impact models only focus on the economic value of the event. However, the SMS approach is unique because it is a multi-domain model that looks at how these HTA sponsored events impacts the sustainability of the visitor industry through the lens of the guest (visitors), host (community) and place (destination).

Furthermore, SMS recognizes the importance of working with event and festival organizers to successfully gather many of the needed measurement data sets. SMS is a local company and has working existing relationships and local networks to ensure cooperation of the event organizers to maximize success.
In this Phase I Proposal we address only Phase 1 of the overall evaluation and research project. SMS feels these activities can be conducted by the end of the fiscal year with a report to follow by July - August 2019.

SMS Research & Marketing Services, Inc. (SMS) is a registered Hawai'i corporation that performs full-service research and evaluations services for clients in Hawai'i and the Pacific Basin.

SITUATION ANALYSIS

BACKGROUND

The Festival of Pacific Arts, Pacific Arts Festival, or FESTPAC is a traveling festival hosted every four years by a different country. The 13th Festival of Pacific Arts (FESTPAC) will take place in Hawai‘i from June 11-27, 2020. FESTPAC was conceived as a means to stem erosion of traditional cultural practices by sharing and exchanging culture at each festival. The major theme of the festival is traditional song and dance.

The Pacific Cultural Council (former "Pacific Arts Council" or "Council of Pacific Arts," originally "South Pacific Arts Festival Council") selects the host country and recognizes that each participating country desires the opportunity to showcase its unique indigenous culture by hosting the festival. Host selection is based on principles of equity and preference is given to countries which have not yet hosted. The festival host country pays participants' costs of local travel, accommodation, meals, and other forms of hospitality. Entry to all artistic events is free to the public thereby maximizing cultural outreach and inclusion.

The Hawai‘i State legislature passed Act 204, SLH 2017 which created a temporary commission to oversee the planning of the 13th Festival of Pacific Arts (FESTPAC) in 2020. The legislation also appropriated funds for the Commission to plan for the Festival. Twenty-eight participating island nations will be represented in Hawai‘i including American Samoa, Aotearoa, Australia, Cook Islands, Federated States of Micronesia, Fiji, Guam, Hawai‘i, Kiribati, Marshall Islands, Nauru, New Caledonia, Niue, Norfolk, Northern Mariana Islands, Palau, Papua New Guinea, Pitcairn, Rapa Nui, Samoa, Solomon Islands, Tahiti Nui, Tokelau, Tonga, Tuvalu, Vanuatu, and Wallis/Futuna Taiwan. For more details on commission members and budget projections please see Act 204, SLH 2017.

The PA‘i Foundation has been selected as the coordinator for the 2020 FESTPAC festival led by its executive Director, Vicky Holt Takamine. This proposal has been prepared to aid the PA‘i Foundation in its planning and evaluation of the festival’s impact to Hawai‘i’s social and economic climate.

Besides the cultural contributions and political statement, major festivals, such as FestPac are intended to provide opportunities for visitor activity, generate direct and indirect visitor revenue, providing an opportunity for local residents to participate in our cultures and in tourism, and generating media exposure for Hawai‘i as an iconic cultural center and unique visitor destination.

To develop and constantly improve the festival strategy, funders must have a consistent process for gathering outcomes data and evaluating the impact of these efforts. Event organizers are required to provide targets for their major outcomes, and to measure performance against those targets. This evaluation study will integrate the performance data from the event organizer with independently collected data to produce an evaluation report that is credible, defensible and actionable.
PRIMARY OBJECTIVES

The primary objectives of this proposal are to:

1. Identify desired benefits to funders and stakeholders and develop evaluation measures and metrics
2. Assist PA'I Foundation in fundraising efforts and outreach by creating materials that show the economic and social benefits of FestPac

Most visitor impact models only focus on the economic value of the event. However, the SMS approach is unique because it is a multi-domain model that looks at how event impacts the sustainability of the community culture and visitor industry through the lens of the guest (visitors), host (community) and place (destination).

Another critical purpose of the Evaluation is to support telling the story about how Festivals are a necessary part of the economy of Hawai'i. PA'I will be able to present hard and creditable data to the state legislature and other stakeholder its progress in the effective use of public funds. The Evaluation will also allow the local community organizations to tell their story to their funders and to support their endeavors to seek future funding sources.
SCOPE OF SERVICES

To achieve the PA'I Foundation goals for this project, SMS will undertake the following work plan.

EVALUATION PLAN

Evaluation is valuable to any organization that has a need to clearly understand how well it has achieved its program objectives (in this case FESTPAC). It is set up to learn from its experience and apply that intelligence to improving the product or service to be delivered to its clients and constituents in the future. The valuation will also confirm to the program sponsors the social, cultural and economic benefits of FESTPAC. Successful long-term programs undergo a variety of implementation phases. They develop plans, then execute those plans, observing how things went, then evaluate the information and develop an improved plan based on those findings.

SMS utilizes the following evaluation processes:

1. Design an appropriate logic model for the program. As will be noted later in the proposal, this is developed by development of a comprehensive quantitative list of objectives or success metrics.
2. Develop tools to measure outputs and outcomes.
3. Develop and implement the process of data collection.
4. Compile and analyze the results.
5. Develop and present periodic reports on the progress of the program toward meeting its stated outcomes.

SMS intends to implement the approach stated above in five phases:

➢ Phase I:  
  o Identify evaluation measures and metrics
  o Support PA'I Foundation in presentations to new funders, legislatures, and other stakeholders demonstrating the festival’s benefits
➢ Phase II: Develop survey instruments and other intelligence gathering
➢ Phase III: Undertake and manage data collection
  o Event on-site data collection of attendance, expenditure, and satisfaction
  o Conduct Resident Online Panel
  o Quantify coverage and impact of TV media, other media, social media, and public relations
➢ Phase IV: Social and economic impact analysis
➢ Phase V: Report and presentation

This proposal presents the costs and efforts to conduct Phase I.
The first payment will be issued upon receiving a signed agreement and notice to proceed. The final payment is tied to the completion of all reports, the final comprehensive report and any presentations.

CONFIDENTIALITY

SMS Research & Marketing Services and its affiliates guarantee the confidentiality of all work conducted on this project. Standard procedures are in place to assure that all data and correspondence are kept secure.
